

UHPC (Ultra High Performance Concrete)

WHITE

GREY

DARK GREY

Our UHPC (Ultra High Performance Concrete) is available in three different colours, white, grey and dark grey, provided with ALFA - natural smooth finish. Characterised by material appearance, UHPC can present non uniform cloudy effects of colour and light cracks, which are physiological aspects of this material. The finished products are treated with a protective varnish, and upon request, anti-graffiti treatment can also be applied.

HPC (High Performance Concrete)

WHITE POLISHED

WHITE VELLUTO - NATURAL SMOOTH

GREY POLISHED

GREY VELLUTO - NATURAL SMOOTH

DARK GREY POLISHED

DARK GREY VELLUTO - NATURAL SMOOTH

GREEN POLISHED

GREEN VELLUTO - NATURAL SMOOTH

YELLOW POLISHED

YELLOW VELLUTO - NATURAL SMOOTH

HPC is available in five standard colours: white, grey, dark grey, green, and yellow. It is supplied as standard with VELLUTO – a natural smooth finish.

Characterised by a textured appearance, HPC may display non-uniform cloudy colour variations and fine surface cracks, which are inherent features of the material.

Polishing operations can be performed upon request, where technically feasible.

Finished products are treated with a protective varnish. An anti-graffiti coating can also be applied upon request.

BLACK MARBLE BRUSHED

BLACK MARBLE SANDBLASTED

Our PDM (Reconstituted Stones) is a mixture of concrete and aggregates that combines concrete resistance with natural stone elegance.

It is available in four options with white granite, with grey granite, with white marble, and with black marble.

Our products are normally provided with sandblasted finish and with brushed finish for the seating flat surfaces. Upon request, if the product allows it, it is possible to perform polishing operations. The finished products are treated with a revitalising varnish and, if requested, anti-graffiti treatment can be applied.
