

Ibox Bench

The Ibox Bench is a modular system that is made up entirely out of a mix of granite or marble stones which are available in a variety of colours. The seat is dressed and sanded around the edges. In order to obtain the most varied compositions. The surface is treated with special transparent satin opaque varnishes. All elements are fitted with reinforced bushings for lifting and simple positioning on the ground. Due to the modular nature of this range these elements can create simple yet stunning seating arrangements.
