

MultipliCITY Table

The generous MultipliCITY table echoes the sculptural convex form of the bench frame, with variations in angle and thickness to provide stability. Solid and grounded it imparts a sense of ease and permanence. The table is substantial in scale, with generous timber boards that offer a familiar softness to the touch. It is user-responsive and multi-use designed for eating, working and social gathering. The frame of the table is dimensioned to allow the bench to slide efficiently underneath.

Specification
