

Parvus - Duplus - Singula Information Post

Parvus - Duplus - Singula is a versatile information post constructed from one or two vertical elements in two diameters and two heights. It is manufactured entirely in aluminium but with a steel internal post.

The Ground fixing is achieved by concreting-in the internal steel post.

The Singula, for stability reasons, can hold up to a maximum of 3 boards, whilst the models with two supports can hold up to 5 boards. All fixings are stainless steel.

Materials

Post - aluminium
 Fixings - Stainless Steel

Dimensions

H: 3090mm, 3593mm
 W: 1422mm, 1547mm
