

## Pitch Litter Bin

The Pitch Litter Bin works with other members of the 35 Collection family and offers an attractive choice for stand-alone applications as well. The small footprint relative to capacity of this receptacle makes it a perfect choice for tight spaces. Offered with a top or side opening, its lift-off top enables it to be placed anywhere. Pitch's cast-iron base is heavy and stable. The aluminium sides are perforated for ventilation, it's rotationally-molded top is easy to remove and clean, and it's black poly liner is made of 100% recycled material.

### Specification:

#### Materials:

Top - Polyethylene.  
Body - Aluminium.

#### Finishes:

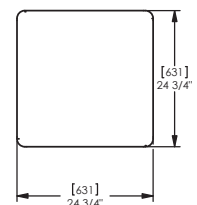

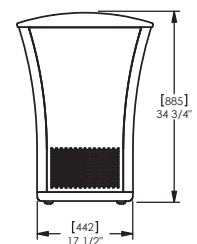

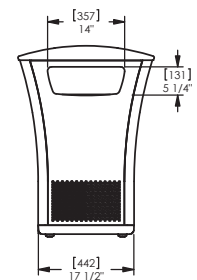

Pangard II powder coated.

#### Fixings:

Free standing. Surface mounted.

### Dimensions

H: 840 / 885mm
