

The Stone Bench

The Stone Bench is a multi-purpose free-shape seat which is available in Ultra High Performance Concrete (UHPC) or Performance Concrete (HPC), depending on the type of use. Available finishes are ALFA or PSI for the Ultra High Performance Concrete (UHPC) and VELVET for Performance Concrete (HPC). The Stone Bench can be free standing with pedestals or cemented to the floor with threaded rods.

Materials

High Performance Concrete

Dimensions:

Stone S

L: 1100mm
D: 780mm
H: 395mm
Weight 338kg

Stone M

L: 1570mm
D: 1185mm
H: 470mm
Weight 755kg

Stone L

L: 1960mm
D: 1520mm
H: 510mm
Weight 1185kg
