

## Fu Cigarette Bin

The Fu Cigarette Bin is made of a three segments welded together, and the liner itself, in 89mm stainless steel tube. The liner is equipped with an ashtray plate and, thanks to the triangular key opening, can easily be removed for emptying and cleaning. The base plate is pre-drilled for ground fixing with M8 bolts (not included). The structure is hot dip galvanised and polyester powder coated. All fixings are stainless steel.
