

Union Yacht Bench

One of Jangir Maddadi's most exquisite designs, the Yacht Bench is a labour of love. Inspired by the exclusive fibreglass and teak decked vessels that glide upon the Mediterranean Sea, the Yacht Bench was a classic the moment it was produced. Perfect for both indoor and outdoor placement, the Yacht Bench features a coloured fibreglass base with seats made of the same exquisitely cut timber used by yachtsmen around the world. The Yacht Benches are Jangir Madaddi's most popular piece since it was introduced.

Specification:

Materials:

Top - Timber

Base - Fibreglass

Dimensions

Height: 410mm

Length: 900,2170,3420mm

Width: 900mm
