

## My Equilibria

My Equilibria is the worlds first outdoor fitness system based on instinctive body movements. This unique design is a game-changing concept that redefines workout experience and tears down boundaries between art, high-end wellness equipment and community. Smooth concrete surfaces seamlessly meet steel components, guaranteeing maximum stability, safety and performance. Biomechanics of each installation and cutting-edge materials provide indisputable comfort, maximum training results and multi-sensory stimulation. My Equilibria is a new approach to outdoor fitness that is engineered to leverage the bodys innate intelligence, authentic movement, and the underlying drive to stay well, look well and live well.

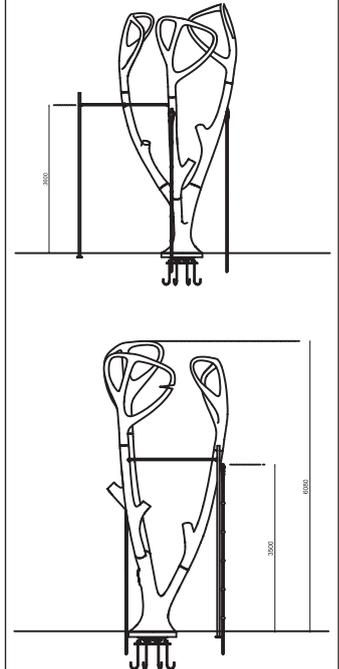

### Specification:

#### Materials:

Body - ultra high performance concrete (UHPC)  
 Fixings - steel; stainless steel

### Dimensions

H: 6080mm  
 W: 4959mm  
 D: 4983mm
