

## Loop Cone Picnic Set

Eat, enjoy and talk! The combination of Loop Cone at the centre of 6 surrounding HopOp 500 opens up new opportunities for creating small, informal seating groups. A table-and-bench, where form, material and colour unite to provide fun, maintenance-free furniture.

LOOP Picnic is the most recent member of the LOOP family and offers an alternative to traditional table-and-bench sets. The table top is easily placed and mounted inside the loop cone with a bracket.

The material is suitable for recycling.

### Specification:

#### Materials:

Rotation moulded polyethylene
